

NOOR JEWELS

Nature's most beautiful secrets.

Genuine beauties are created by Mother Nature. Take a journey of discovery. Nature satisfies our craving for rare and beautiful things. Discover new facets and colour interactions in precious gemstones and diamonds. They are vividly radiant and stunningly colourful. And those who prefer a more understated natural look can discover beauty in brown, white or black diamonds.

We have tracked down the most magnificent examples for you, arranged them in waves, lines and other exciting designs and added a tiny diamond on the inside of the band – the noor hallmark. Which of these natural beauties are going to be your "must-haves"? ■
